SINGLE CEILING BASE LOXONE

INSTALLATION INSTRUCTIONS | AUGUST 2025

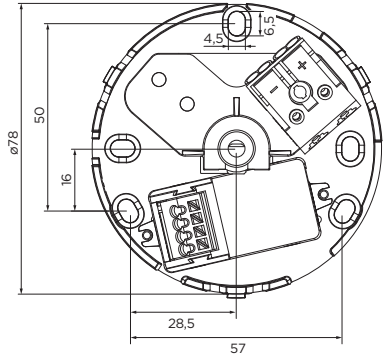

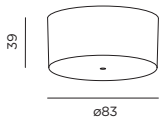

Mounting base:

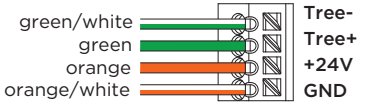

DIMENSIONS

MOUNTING INSTRUCTION

1. Remove the cover from the mounting base by placing a flat tool into the gap and pushing down.
2. Mount the base on the ceiling with screws (screws are not included).
3. Pull the cable through the cover
4. Fix the cable in the strain relief and connect the wires to the connector. See the diagrams for details.
   Optional: shorten the cable to your required lenght.
   The power must be switched off before disconnecting and connecting the cables.
5. **POWER CONNECTION**
   Input voltage 20-28V.

6. Align the slots on both of the mounting base and the cover.
   Push the cover on the mounting base until it clicks.
